

Dear Parents:

Your child will soon be visiting the Belleville Public Library as part of a class visit. The exciting world of reading for pleasure and information will be there for the taking!

We will have library cards ready for the class when they visit. If you would like your child to have a library card, please fill out the registration form and return it to your child's teacher. Even if your child has a card already, please fill out the attached form. With an updated form we can ensure our records are current

If your child has lost his or her card, please tape \$1.00 replacement fee to the form.

By signing the registration form you are accepting responsibility for everything borrowed from the library using this card. Your child may borrow books, DVDs, magazines, graphic novels, CDs and have access to the Internet. All items must be returned to the Belleville Public Library on time to avoid fines.

When your child brings a new library card home, please sign the card. The card is in your child's name but you assume legal responsibility for materials borrowed from the library.

We look forward to seeing your child at the library. We hope you will come to the library regularly with them.

Yours truly,

Jessie Wionzek
Children's Librarian
