

# Janna C.

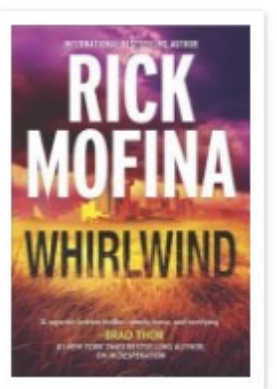

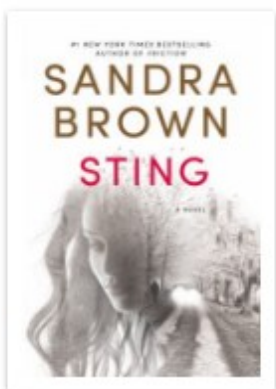

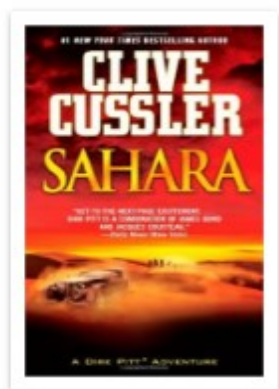

I have worked at the Library for 41 years, mostly in Children's Services but over the past few years working more with adult literature. Much of my expertise lies in Children's fiction and classic children's books. My favourite books are mainly Romances. I also enjoy reading Family Saga series. Fern Michael's Sisterhood series is a favourite and I have also read some Inspirational fiction as well. I am slowly venturing into reading mysteries and so far my favourite mystery writer is Rick Mofina, a local personality. My hobbies are playing Darts at all levels, reading, writing, especially for Puppet Shows and running Jan-Bo's Puppets, a local Puppet company. I also serve on the Heritage Belleville Committee and have a fascination with Belleville and its history.
